

2024 Institution of the Year Nomination

We are now accepting nominations for our 2024 Institution of the Year. The winner of this award will demonstrate exceptional creativity and proficiency - whether through innovative programming, new exhibits, community and staff support, or any project considered an outstanding model or best practice.

It is free to nominate an institution, and anyone may submit a nomination. The nominated institution must be a member of WVAM in order to receive this award. Please refer to a list of our current members here (www.museumsofww.org/museums) or become a member today (www.museumsofww.org/members).

The winner will receive a commemorative plaque and a \$250 prize. The winning institution will be announced at our conference banquet on the evening of Friday, June 7th. The winner will be determined by vote of an impartial committee and will be judged on their merits within the context of their own institutional capacity.

The deadline for submitting a nomination is April 30th, 2024.
